**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In terms of providers of Internet phone service and cable. Comcast and AT&T have continually raised without providing good service. I had to leave part of your job is to help make sure there's competition in the marketplace. We would like Sonic to be in this marketplace in the Alameda County and Berkeley to provide competition and good service. Not like being stuck with poor service and very limited choice.

Without additional weight without significant competition we have suffered numerous price hikes ready and that will continue. I do not want anymore increases the cost of internet and telephone services.

Thank you. Please continue to support real competition and good service. Would like to be offered Sonic in our community as a part of having real competition.

At the moment we all need Internet and broadband services.

Thank you very much.

Sincerely yours,

Vic Young
